

2020 Spring Girls Volleyball Overview

Simpsonville Athletics

Thank you for considering the Youth Volleyball program here with Simpsonville Recreation. Our goal and purpose is to give the kids of our community the opportunity to play team sports and have fun making new friends and being active.

Our leagues are not intended to develop professional athletes, rather they should develop a love of activity, sportsmanship, teamwork and the benefits of social development through athletics.

The Volleyball program is designed as a recreational league with modified rules that differ from other levels of play to make the league more accessible to all experience levels.

Draft Process and roster assignment

Evaluations

All players will have an evaluation time where the coaches and members of Axis Elite will do some basic drills for them to assess the player experience level and assign a number rating to be used and seen by staff only (done by each manager then turned into staff).

Roster formation part 1

Staff will compile and average the ratings from each manager along with position projections and use these to build rounds, this includes coach's protections. Each round of players will be placed into a draw based on rankings – coaches protections will be placed in the appropriate round and take the place of that coach's draw in the corresponding round. Siblings, and any other tied together players will be listed together on the higher ranked players draw with the round for the 2nd player – when drawn the 2nd player will be added in the round assigned to that roster.

Roster formation part 2

A random order will be determined and coaches will then draw for each round in a serpentine fashion until all rounds are completed – trades may occur but must happen within a single round (a 5th round draw can only trade for another 5th round draw) and must happen before anyone leaves the draft room.

Roster Finalization part 3

Once all trading is done the coaches will once again look at the rosters as a group and once all agree they are as fair as possible the rosters are set.
