

TRASH COLLECTION GUIDELINES

- **The City of Simpsonville provides 5-day garbage and yard waste collection for both residents and the core business district, operating Monday through Friday. Trash and yard waste are picked up together on the same routes.**
- Trash can must be on the curb by 7 a.m. on your pickup day to be serviced.
- Front of trash can must face the roadside to be serviced.
- All trash must be bagged in a trash bag to ensure that all trash is deposited into the truck and does not end up outside the truck to prevent littering.
- All trash bags must be inside the trash can to be picked up; trash bags are prohibited from being left anywhere outside the can, on the can and on the lid of the can except the week following Christmas Day only.
- Any trash bags or trash that are not inside the trash can will not be picked up; cardboard boxes left outside trash cans will not be picked up.
- Only the new black Simpsonville trash can* automatically delivered at no cost the week of Aug. 23 will be serviced; Public Works will not service any can other than the new black Simpsonville can.
- Do not park motor vehicles in front of the trash can.
- At least 3 feet of clearance from other objects (e.g. vehicles, mailboxes) must be maintained around the trash can to ensure pickup.

PROHIBITED ITEMS IN TRASH CAN

- Paints, solvents
- Tires
- Propane tanks
- Electronics
- Yard waste
- Liquids
- Medical waste
- Batteries
- Dirt, rocks, bricks & concrete
- Sand

PROPER USE OF TRASH CAN

- All garbage must be bagged in the trash can; bagging all garbage ensures that all trash remains inside the garbage truck and off your roads and streets.
- All garbage bags must be placed inside the trash can (except the week after Christmas Day only); routes are more efficiently run when the can contains all trash to be picked up.
- Only black Simpsonville trash cans will be serviced; 1-can collection allows for on-schedule trash pickup.

RECYCLING

The City of Simpsonville discontinued curbside recycling due to its increasing costs and proven ineffectiveness and availability of alternative options for a more comprehensive approach to sustainability.

Recycling Drop-off locations:

- 110 Woodside Park Dr, Simpsonville, SC 29680
- Conestee Park at 840 Mauldin Rd. Maulding 29607

For questions regarding trash collection, please contact Public Works Department at 967-9531
